**PHASE 1: PLAN FOR FLORIDA'S RECOVERY**

On May 18, 2020 Gov. DeSantis launched Full Phase 1: Safe. Smart. Step-by-step. Plan for Florida's Recovery. To view this order, visit: [https://www.flgov.com/wp-content/uploads/orders/2020/EO\\_20-123.pdf](https://www.flgov.com/wp-content/uploads/orders/2020/EO_20-123.pdf). A closer look at all phases can be found using this link: <https://www.flgov.com/wp-content/uploads/covid19/Taskforce%20Report.pdf>

**TESTING**

Call your health care provider first or if you are symptomatic to determine the need for testing. If a person thinks they have COVID-19, they should call their health care provider before going to their office so the provider can take precautions to prevent exposing other people. In some cases, they are going to meet you in the parking lot. It's just a precaution. We are really trying to keep our healthcare workers safe. Other patients safe. Review your signs, symptoms and travel history with your physician. Your provider is going to evaluate you for possible causes and rule out other respiratory illnesses (ex. Flu) before testing for COVID-19.

## **CLOTH FACE COVERS/MASK**

The CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies) especially in areas of significant community-based transmission. It is important to note that these face coverings:

1. Are not surgical or N-95 respirators, which continue to be reserved for healthcare workers and medical first responders, and
2. The use of cloth face coverings does not mean we can remove previously set social distancing measures.

For information on how you can make a facemask at home, visit <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover.html> and watch this video <https://youtu.be/tPx1yqvJgf4>.

The Franklin County Emergency Management is collecting fabric for mask. If you would like to help our community by sewing face mask or donating fabric, please call the Franklin County Emergency Management office at (850) 653-4206.

### **TRAVEL UPDATE**

Cases of coronavirus disease (COVID-19) have been reported in all states, and some areas are experiencing community spread of the disease. Travel increases your chances of getting and spreading COVID-19. The CDC recommends you [stay home](#) as much as possible, especially if your trip is not essential, and [practice social distancing](#) especially if you are at [higher risk of severe illness](#). Don’t travel if you are sick or travel with someone who is sick. Residents from Connecticut, New Jersey and New York are still advised to isolate or quarantine for a 14 day period from the time of entry into Florida or the duration of the individual’s presence in Florida, whichever is shorter. For more information, visit: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-in-the-us.html>

## **SUPPORTING CHILDREN THROUGH THE COVID-19 PANDEMIC**

COVID-19 has upended children's daily lives, resulting in added stress and uncertainty. Studies show that adversity during childhood, including adversity stemming from natural disasters, can have lasting impacts on children's social emotional health. Fortunately, families can take steps to support and protect children's emotional well-being during the COVID-19 crisis. For more information visit the Nat'l Institute for Children's Health Quality site at <https://bit.ly/2JFXCM6>.

**The Germ that Wears a Crown: A Story About the Coronavirus:** This is a story, coloring & activity book from FSU Center for Child Stress & Health to help children cope with COVID-19. The book teaches children about the virus, social distancing and how to express and manage strong emotions. Visit <http://fsustress.org/ebook.html> to download a free copy!

## **CLEANING DISINFECTING SAFETY**

The daily number of calls to poison centers increased sharply at the beginning of March 2020 for exposures to both cleaners and disinfectants. To reduce improper use and prevent unnecessary chemical exposures, users should always read and follow directions on the label, don't mix chemicals, wear protective gear, use in a well-ventilated area and store chemicals out of the reach of children. For more information you can contact the Poison Control hotline at 1 (800) 222-1222.

## **WHAT SHOULD I DO IF I RECENTLY TRAVELED TO AN AREA WITH AN OUTBREAK OF COVID-19?**

If you are returning from an area with an outbreak of COVID-19, the CDC is recommending you self-isolate for 14 days immediately upon returning from your travels, even if asymptomatic (no symptoms). Follow the CDC steps to help protect other people in your home and community: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/steps-when-sick.html>

If you develop a fever and symptoms of respiratory illness, such as cough or shortness of breath during those 14 days, contact your health care professional and mention your recent travel. Your provider will work with the health department to determine if you need to be tested for COVID-19. If you have had close contact with someone showing these symptoms who has recently traveled from an impacted area, you should call a health care professional and mention your close contact and their recent travel.

## **HOW LONG DOES IT TAKE TO RECOVER FROM COVID-19?**

Most individuals who test positive for COVID-19 are able to recover at home. Individuals will be asked to remain at home, except to get medical care. Stay in touch with your doctor if you feel worse or you think it is an emergency. People with COVID-19 who have stayed home can stop home isolation after meeting ALL of the following conditions:

- You have had no fever for at least 72 hours (that is three full days of no fever without the use of medicine that reduces fevers)
- Other symptoms have improved (for example, when your cough or shortness of breath have improved)
- At least 7 days have passed since your symptoms first appeared

A test-based strategy is preferred for discontinuation of transmission-based precautions for patients who are hospitalized or severely immunocompromised or being transferred to a long-term care or assisted living facility.
